Fellow club members, I hope you are enjoying your summer so far and you got to enjoy driving your Mustang around to shows or just for a weekend cruise. So far we have had a great showing as club at some of the local showings and we had great turn out for the Fords at Carlisle.. It was great to sit under the tent and get meet some new members while also talking to current members. We still have lot of exciting events coming up like the parade of club cars at the Lancaster Barnstormers game on August 30th. More info to follow so watch your e-mail .The next meet and greet will be at the Old Country Buffet on Route 22 August 11th from 3:00 pm-5:00pm. I look forward to seeing everyone there. Our next would be our big show coming September 2nd. I hope I can count on seeing a lot of club members there to display their cars and volunteer time for a great charity. I hope to see at one of the upcoming events . –Dennis

Editor's Corner

By Scott Sipe

Welcome everyone to the summer edition of the MCCPA newsletter. We are now well into the 2007 car show season and have had quite a few members show and place with their Mustangs. We have had members travel as far away as South Carolina to participate in the South of the Border car show, Montoursville for the Fabulous Fords on Father's Day and other cruise-in's and car shows around the local area. We also have had some members Mustang's displayed in national publications. Congratulations to all on their accomplishments.

Over the past two to three months, the club has seen some significant jump in membership. Our membership is now up to approximately 130 members strong. Our club continues to grow as we market the club and what it can offer to it's members. Welcome to all new club members!!! I would like to personally applaud the current Board members who have volunteered their time and have moved the club forward these past few months with their fresh new ideas and initiatives. The next time you see a Board member, take the time to thank them for their hard work and dedication to the club.

Enjoy the second half of this year's car show season and enjoy this issue of the MCCPA newsletter.

Looking for Mustang

I am looking for a 65-68 to fix/ restore. Prefer good body (it'd be great if bodywork was done or almost complete). Engine and interior can be rough or missing. It must be a V8 car and must be setup for manual transmission. Contact Jeff Winemiller at Jeff.Winemiller@baltlife.com if you have a Mustang to sell that fits this description.

Mustangs in the News

The 2008 Mustang is now in production. Listed below is what is new for this year:

Side air bags are now standard on all Mustang models. Available interior ambient lighting and HID headlamps add a touch of upscale class. Three new colors (Candy Apple Red, Metallic Silver, and Vapor Silver) and available 18-inch premium wheels on the V-6 coupe enhance Mustang's bold American style. The 2008 Ford Shelby GT convertible and 2008 Ford Shelby GT500KR – the most powerful production Ford Mustang ever produced – complete the modern Shelby Mustang lineup. Warriors in Pink Package join Mustang's extensive lineup.

Nothing captures that carefree, summertime, out-for-fun look better than a convertible. It promises soft breezes, sunshine and adventure -- even when it's just parked at the curb.

Considering those attributes, the identity of America's best-selling drop-top should come as no surprise.

"The Ford Mustang convertible is the No. 1-selling convertible in the U.S.," said Robert Parker, the car marketing manager for Ford. It's been that way since 2004. And this year, the Ford Mustang convertible continues to gallop past its competitors by better than a 2-1 margin. According to the latest figures available from R.L. Polk registration data, sales of new Mustang convertibles hit 12,829 though April, easily more than the Toyota Camry (5,990), the Pontiac G6 (5,525) the Chrysler PT Cruiser (4,781) or the Volkswagen Beetle (3, 881).

Ford Motor Company vehicles continue making dramatic strides in quality, outstripping the industry's rate of improvement in "things gone wrong" (TGWs) in the second quarter U.S. Global Quality Research System (GQRS) study. The company improved by 10 percent versus last year, while the report's average industry-wide improvement rate hit 4 percent. Plus, 19 Ford Motor Company models ranked in the report's top three places for customer satisfaction, TGW performance – or both – after three months in service. Mustang Shelby GT500, Ford Explorer and Lincoln Mark LT pickup won top honors for TGW performance, while Ford Edge, Ford E-series vans and Mazda MX-5 Miata topped their segments in customer satisfaction.

Special Events

The club has been invited to participate in a pre-game parade around the warning track of the Lancaster Barnstormers baseball stadium. The game will take place on Thursday August 30th at 7:05pm. The Barnstormers are looking for at least twelve Mustangs to participate in the pre-game parade. Anyone who would be interested in attending this event would need to email Scott Sipe at sipe1@comcast.net with how many tickets are needed (\$7 a piece) and what year Mustang you will be bringing to the game. Club members would need to be at the stadium no later than 5:45pm for setup. Deadline for sign up is Friday August 3rd.

Club Website

If you haven't noticed, the club website is going through some changes over the past few weeks. First, the website has been moved to another internet provider due to poor service of the last provider. Since the move, the website has loaded much more quickly than in the past. By the first week of August, the new club forum will be up and running and ready for use. Anyone who was using the old forum will need register again for the new forum. I will also have the new gallery up and running at the same time. The new gallery will be much more functional than the old gallery. Take the time over the next two weeks to visit the site at <http://www.pamustang.org> and check it out. Make sure to participate in the new forum.

Elections

Club elections are just around the corner in November. It will be here before you know it. If you would like to nominate yourself for a position, submit your name, how many years as a MCCPA member and what club ideas you would like the members to know about prior to the elections. Submit this information to Scott Sipe at sipe1@comcast.net.

MCA Charter Membership

As most of you know, our club is a charter regional member of the Mustang Club of America. One of the benefits of being a MCA charter club is the ability to obtain insurance for our events, specifically the annual car show.

Many of our MCCPA club members are also MCA members and enjoy the benefits the MCA provides. We encourage every member to visit the MCA website, www.mustang.org, and consider becoming a MCA member as well. If you were not a member of the MCA when you first joined and you are now, please provide the club with your MCA member number.
